

BARGAINING UPDATE

ON DAIMLER NEGOTIATIONS

FEB. 28, 2024 | UAW LOCAL 5286

Greetings Brothers and Sisters,

We have nothing significant to report because the company has no sense of urgency in the bargaining process. We have two days left and a lot of work to do. The company won't negotiate unless it's on their terms and their way, and we are not backing off the demands of our membership. The stall tactics they are using will not be to their benefit in the long run.

We had Article 33 returned to us and, of 50 items we added, the company only agreed to four. In trying to discuss the issues, the company refuses to answer any questions. It's clear the company couldn't care less about your concerns or issues. You need to prepare for a fight.

Be ready to STAND UP.

In Solidarity,

Local 5286 Bargaining Team
