

BARGAINING UPDATE

ON DAIMLER NEGOTIATIONS

FEB. 20, 2024 | UAW LOCAL 5286

Greetings Brothers and Sisters,

On the second day of negotiations we have one tentative agreement, which is Article 7. We are making passes between us and the company on Articles 8,12, 19, and Attachment A Classifications.

We were making progress on Article 10 until the company backed up and removed most of the proposed language they had previously been negotiating with us. We are currently at a standstill on Article 10. The bargaining committee has informed the company we are not happy with the way this is going, and we are standing strong for our membership.

In Solidarity,

Local 5286 Bargaining Team
