

BARGAINING UPDATE

ON DAIMLER NEGOTIATIONS

FEB. 23, 2024 | UAW LOCAL 5286

Greetings Brothers and Sisters,

Progress this past week has been slow and frustrating.

We have two Tentative Agreements (TA's) which are Article 7, HOURS OF WORK and Article 5, SENIORITY.

We have one more week of negotiating local language, so this coming week should be long hours and very busy. The company has two issues they are stuck on and unable to move past, so they can work on other things.

There is no need for concern because we are holding firm to the issues and gains our membership want addressed.

In Solidarity,

Local 5286 Bargaining Team
