

WE DESERVE TO SHARE IN THE PROFITS WE MAKE

Here is the average profit-sharing check that UAW members just got for their work in 2023:

\$10,416

\$12,250

\$13,860

That's over and above the record pay UAW members just won in their record contracts. UAW members won life-changing profit-sharing checks because we are united and organized.

All autoworkers deserve our fair share of the profits we make. That's why autoworkers across America are standing up to join the UAW.

Win Your Fair Share
