

BARGAINING UPDATE

ON DAIMLER NEGOTIATIONS

APR. 8, 2024 | UAW LOCAL 3520

UAW Local 3520 Family,

Your Local 3520 Negotiating Team resumed negotiations this evening with the Company's representatives. The Company passed their second proposal on job security, which did not meet the membership's demands and which still included a reduced number and concessionary loopholes. Brother Waggoner promptly told the Company that the message has been made — **no concessions** — and their offer was still concessionary.

We are still miles apart on the build rate even though your Negotiating Team has made it clear that job security is a top priority for our members.

We did have substantive discussions on TOS and feel that we are closing the gap and may come to an agreement soon on this issue - provided, of course, the Company comes to its senses on all priorities.
