

# MAIN TABLE BARGAINING UPDATE

## ON DAIMLER NEGOTIATIONS

APR. 10, 2024

**UAW Daimler Family,**

Your DTNA Bargaining Council continued caucus work today, with a focus on preparing our final demands to pass to the Company when we reconvene tomorrow morning, including wage proposals that make it clear that we must secure historic wage increases that end tiers in compensation.

Meanwhile, the Benefits and Health & Safety Committees continued their work, making slow but steady progress on securing much-needed improvements in those parts of the Common language.
