

# MAIN TABLE BARGAINING UPDATE

## ON DAIMLER NEGOTIATIONS

APR. 18, 2024

### UAW Daimler Family,

Your DTNA Bargaining Council met with the Company throughout the day, with the Union continuing to press for improvements in the contract. The Union passed revised proposals on, among other things:

- shortening the wage progression from the current absurd 6 years to reach the top rate
- moving all wage rates to the common wage grid
- improvement to the ACP
- adding niece/nephew to bereavement and moving step-grandchildren to three days
- Juneteenth and other holiday pay improvements

We did achieve one major TA, with the Company agreeing to measure days worked towards seniority as the equivalent of minimum call, 4 hours. Shoutout to Brother McDowell for leading the charge on this.
